CHEWS BEST™
Beginning with our first chew toy in 1955, our goal at Nylabone® is to make furry tails wag for the highest-quality chew toys, best long-lasting edible chews, and most innovative dental solutions in the world. Nylabone—the leader in safe, healthy chewing since 1955—is a family-operated company with a history of helping pet parents take the best possible care of their companion animals. At Nylabone we know that every dog is different, and we are committed to developing the very best solutions for your pet’s needs, whatever they may be.

We love to hear how Nylabone families use our products to solve problems like destructive chewing, separation anxiety, and poor dental health, helping their dogs live fuller, happier lives. Recommended by veterinarians, Nylabone manufactures chew toys and edible chews in many styles and sizes, so we have a chew or treat for every dog. Nylabone’s products promote good canine dental hygiene, enhance overall mental fitness, redirect destructive chewing and other problem behaviors, and encourage a positive pet–pet parent relationship.

To put it simply, Nylabone Chews Best™!

Sincerely,

President/CEO
Glen with his Guapo, Chief Chewing Officer
Nutri Dent Complete
